We often receive orders for X number of titles, in Y language, for Z budget. This 'Stock Summary' shows you at-a-glance if these 'XYZ' orders can be fulfilled with existing stock. It also shows the average price of a book for each language, book type and age group - helping you gauge how many books to expect with your budget.

We endeavour to bring you the latest titles as soon as they are available in the Home Countries. The majority of libraries engage Books Asia on a Supplier Selection basis and provide us with Profiles, Budgets and Timescales. Titles can also be selected and ordered using our Stocklists, specifying the Sequence Number and required Quantity. Visits to our office, to view and select stock, are also welcomed.
